Dynamic SIMS

SIMS: CAMECA IMS-6f

O2+ 1.25keV impact energy and Cs+ 14.5keV impact energy Raster size 180µm x 180µm to 220µm x 220µm 60µm optically gated analyzed area

Operated by the Southeastern Universities Research Association for the U.S. Department of Energy

Impurities

Operated by the Southeastern Universities Research Association for the U.S. Department of Energy

Interstitials

Operated by the Southeastern Universities Research Association for the U.S. Department of Energy
